Fairness

No structure can stand on unequal supports. And no bank can remain part of a community without treating its customers fairly.

At Marble Bank, we've been making mortgage money available to people for over a century. And we're proud of having enabled a lot of young people to realize the dream of owning a home.

In recent years, we've expanded our financing programs to ski areas, restaurants, vacation homes, and commercial services. But as we've grown, we haven't forgotten that each person who approaches us has a right to a fair deal.

So if you have a dream of your own that needs financing, come to Marble Bank.

We can't guarantee that we'll approve every loan application. But we can guarantee how we'll treat you: as an equal.

SOME OF THE BEST ADVERTISING COMES FROM LARGE ESTABLISHED AGENCIES.

MOST DOESN'T.

If you're looking for an agency, you might do well to look at us. Look twice. We're not the kind of agency you've seen before. We can give you the innovation and flexibility of a new organization and the involvement and responsiveness of a small agency. Yet because of our association with the researchers, creators and executors of major regional and national campaigns, we offer the experience and power for you to compete successfully with anyone, anywhere, anytime.

PRINT: Newspaper, magazine, brochure, annual reports, point-of-purchase, product packaging, outdoor, corporate I.D., logos and full campaigns. Our writers, photographers, designers and production staff have done them all . . . and won a few awards along the way.

RADIO & TELEVISION: Film, video, location, studio tape, animation and graphics. We have the knowhow, understanding and commitment to fit the right approach to your needs. Plus music by America's top commercial music facilities, to make sure the sound measures up to the pictures and words.

IN MIDDLEBURY, VT: Why not? This isn't 1965. New York, Boston, Washington and Los Angeles are only a call, a facsimile transfer, a short plane ride, a data send, even a satellite videoconference away, so we don't waste time in freeway traffic or money on highrise rent.

THE BOTTOM LINE: If you've read this far... we must be doing something right. If you're interested in finding out what you will gain from our ideas, our enthusiasm and our experience, call our Creative Director, Sandy Korda, at (802) 388-3250.

RUTLAND

"The Marble City"

The photo on the cover gives some idea of how attractive the Greater Rutland area (generally known as the Rutland Region) is for homes, businesses and industries to locate and expand. For a healthful and attractive location it is doubtful if any section can offer more than the Rutland Region. Two major highways connect the region with other states as well as air service to major cities in the East.

The distance across the valley in Rutland is some 20 miles. Nearby in all directions lie areas for all types of summer and winter recreation. The tourism has become a major industry for the region. Major industrial and retail markets are in this section of the country where a spirit of welcome always prevails.

LOCATION - Rutland, known as "The Marble City" is located midway of the State between Burlington and Bennington on U.S. Route 7. It is about 15 miles from the New York state line on the east, 68 miles from Burlington on the north, 57 miles from Bennington on the south, and 46 miles from White River Jct. on the east. Other distances from important eastern points: Killington, Vt. 10 miles, Montpelier, Vt. 66 miles, Woodstock, Vt. 34 miles, White River Jct., Vt. 45 miles, Albany, N.Y. 104 miles, Boston, Ma. 169 miles, Hanover, N.H. 50 miles, Hartford, Ct. 161 miles, Montreal, Que. 158 miles, New York City 250 miles, Whitehall, N.Y. 25 miles, Schenectady 92 miles, Buffalo 359 miles.

TOPOGRAPHY - Probably no important city in New England has so grand a setting as Rutland. The city lies among picturesque lakes and streams, the encircling mountains are near, yet far enough away to give plenty of building room, and the broad valley running north and south for many miles is one of the beauty spots of America. Noted mountain peaks of the Green Mountain and Taconic ranges can be seen from high parts of the city. The highest peak visible is Mt. Killington, over 4235 feet. City is 540 feet above sea level and contains 4300 acres. Rutland County contains an area of 594,596 acres (939 square miles), water area of 46,725 acres. Rutland Airport 780 feet above sea level.

HISTORICAL - The history of Rutland vies with any city in the land of interest. It was settled in 1761, and by 1774 there were 35 families. In common with all frontier settlements it suffered from the depredations of the Indians, and also the Colonial and Indian Wars. Probably named after Rutland Massachusetts, because the first grantee of the charter of township was a John Murray from that town. Incorporated a city in 1892.

RECREATIONAL - Rutland is happily situated for the health and pleasure of its citizens and visitors in their leisure hours, and Rutland is in the midst of an outdoor country of great appeal. It is located in a broad valley, and looking east is the incomparably beautiful Green Mountain range, with its Killington, Shrewsbury and Pico Peaks forming a most fascinating skyline. To the west are more unusually beautiful mountains, Birdseye Mountain and the northern end of the Taconic Range.

It is probable that no place exists in the northeastern United States with more natural advantages for outdoor sports and recreation. In summer the atmosphere is buoyant and healthful and lends to physical activities, whether on the golf course, tennis courts, lakes, swimming pools or parks. There are 6 state forests, 6 state parks, and more than 56,000 acres of National Forest land. Mountain climbing is within a few miles of the city, with Mt. Killington a notable mountain climbing adventure. For lesser climbs there are Shrewsbury, over 3,700 ft. and Pico nearly 4,000 ft. The proximity of the "Long Trail" (the length of

Vermont) passes within 10 miles of Rutland doubling along the ridge of the Green Mountains and skirting the peaks of Killington and Pico. This is one of the most famous trails in eastern North America and Rutland is one of the supply points. The Appalachian Trail (Maine to Georgia) also provides good hiking and backpacking.

The Region has numerous lakes providing sailing, waterskiing, swimming, picnicking, camping, fishing, canoeing as well as skating and ice fishing in the winter months. Lake Bomoseen at a distance of 12 miles is some 10 miles long. Lake Dunmore and Lake St. Catherine are other major lakes in the Region. Autumn brings spectacular foliage displays and hunting for deer and other game. Horseback riding, bicycling and snowmobiling are other popular sports in the area.

Three of Vermont's finest ski areas surround Rutland. Pico Peak has long been a favorite of ski enthusiasts; the Killington Basin Ski Area includes the longest gondola ride (3½ miles) in the nation, the steepest skiing in New England, and also has the distinction of having the longest skiing season in the east and one of the longest in the country, open last season from October 20-June 15. TO FIND A NAME YOU MUST KNOW HOW TO SPELL IT

There are many ways of spelling some names with practically the same pronunciation

When the name of a corporation, factory or firm appears immediately after the name, it indicates the place of business. After the name of a street, the word "Street" is omitted.

The post office address is given only when the same does not correspond with the name of the town

Information received too late to be included will be found on the last page of the alphabetical section

When "res inq (residence inquire)" appears in a personal listing, it indicates – for home address inquire at business address as listed, due to personal request or incomplete information.

HOUSEHOLDER, TELEPHONE & PROPERTY OWNER LIST

Copyright 1986, by H. A. Manning Co.

CONTAINING A FULL LIST OF STREETS AND ROADS WITH DESCRIPTION OF LOCATION, INTERSECTING STREETS AND THE DWELLING AND BUSINESS LOCATED THEREON.

Residences and places of business are designated by their street numbers numerically arranged. Where the houses are not numbered, the householders are arranged in the order that they appear on the street. (mh) before the name indicates mobile home. Figures or letters in parentheses preceding names indicate number of room or floor in building. (L) or (R) in parentheses preceding names indicate houses on left or right side of the street.

The phone numbers listed after the occupant's name are those given to our enumerators as applying to the address. We advise users to verify the phone number by referring to regular and recent edition of the phone book as issued by the telephone company.

The publishers cannot assume any responsibility if unlisted phone numbers are given us at the phone address and listed herein. The symbol (H) indicates that information as been secured that the house is owned by some member of the family. The publishers cannot and do not guarantee the correctness of the information furnished, nor the complete absence of mistakes. No responsibility for errors can be or is assumed, nor can the publishers furnish further information than that shown.

MANNING'S 1986 WEST RUTLAND NUMERICAL STREET DIRECTORY

HOUSEHOLDER, TELEPHONE & PROPERTY OWNER LIST

Copyright 1986, by H. A. Manning Co.

CONTAINING A FULL LIST OF STREETS AND ROADS WITH DESCRIPTION OF LOCATION, INTERSECTING STREETS AND THE DWELLING AND BUSINESS LOCATED THEREON.

Residences and places of business are designated by their street numbers numerically arranged. Where the houses are not numbered, the householders are arranged in the order that they appear on the street. (mh) before the name indicates mobile home. Figures or letters in parentheses preceding names indicate number of room or floor in building. (L) or (R) in parentheses preceding names indicate houses on left or right side of the street.

The phone numbers listed after the occupant's name are those given to our enumerators as applying to the address. We advise users to verify the phone number by referring to regular and recent edition of the phone book as issued by the telephone company.

The publishers cannot assume any responsibility if unlisted phone numbers are given us at the phone address and listed herein. The symbol Ⓗ indicates that information as been secured that the house is owned by some member of the family. The publishers cannot and do not guarantee the correctness of the information furnished, nor the complete absence of mistakes. No responsibility for errors can be or is assumed, nor can the publishers furnish further information than that shown.

Numbers in parentheses following street description are for Publishers use only.

"No Report" indicates that enumerator was unable to get complete information at the address by personal call, telephone or mail. After the name of the street the word "street" is omitted.
